EDUCATION

University of Technology Sydney (UTS)

Bachelor of Information Technology, Major in Artificial Intelligence

- GPA 3.21 / 4.0 (UTS GPA 5.63 / 7.0), WAM 77.75 / 100.

Ho Chi Minh City, Vietnam

September 2025 to October 2028

WORK EXPERIENCE

AI for Vietnam

Data Annotator

Ho Chi Minh City, Vietnam

August 2026 to Present

- Label text, image and video data by following the project guidelines, and flag unclear samples to the team so the training data for Vietnamese AI models stays accurate and consistent.

TECHNICAL PROJECTS

AMASE: Multi-Agent AI System for CV Evaluation

Personal Project

Python, LangChain, Claude & Gemini APIs, ChromaDB, SQLite | Repository: AMASE-AI

- Built a tool that reviews a CV in three steps: Gemini reads and breaks down the CV, Claude rewrites it in an ATS-friendly format, and Claude then estimates the chance of getting hired and explains why.
- Gave the agents a reference library of sample CVs in ChromaDB and a scraper that pulls real job requirements from LinkedIn, JobStreet and Seek.
- Saved each session in SQLite so a review can be paused and picked up later, and made it work with PDF, Word and text files.

FlowyX: Android Assistant for Adults with ADHD

Team Project

Kotlin, Python, Gemini API | ADC Hackathon 2026 | Demo: heyzine.com/flip-book/3de5725a39

- Co-built an Android app with a teammate for the RMIT ADC Hackathon 2026 that helps adults with ADHD start and finish tasks.
- Added Gemini-powered task breakdown into small timed steps, a visual timer and calendar, and Meety, a Python tool that turns meeting transcripts into minutes and calendar tasks.

AWARDS & ACHIEVEMENTS

- Third Prize, CSE Summer School Hackathon 2025, HCMUT
- Consolation Prize, OISP Presentation Contest 2025, HCMUT
- Second Prize, Remote-Controlled Fire-Fighting Robot Design and Build Contest, 2023

SKILLS & INTERESTS

- Programming Languages:** Python, Java, JavaScript (ES6+), SQL
- AI & Machine Learning:** LangChain, multi-agent systems, RAG, prompt engineering, Claude/Gemini APIs
- Web Development:** React 19, Vite, Tailwind CSS v4, React Router, Framer Motion, Node.js, Express, REST API design, HTML/CSS
- Databases & Tooling:** MySQL, PostgreSQL/Supabase, SQLite/SQLAlchemy, Git and GitHub, Vercel, Microsoft Office
- Languages:** Vietnamese (native), English (fluent in work settings)
- Interests:** AI agents and applied machine learning, full-stack development, competitive programming
